

# Youth Leadership Programme 2013-14

The Youth Leadership Programme, run in collaboration with the Toastmasters International, was successfully completed on 16 Aug 2014. The 8-weekend programme aims to help the participants improve their English-speaking skills and leadership skills in a pressure-free atmosphere. The final meeting was a chance for the participants to show off their abilities in different contests. The coordinators of the Toastmasters International Hong Kong were invited to be honourable judges for the contests. Our vice-principal, Mr Ho Wai-Hung, was invited to present awards to the outstanding participants who had excellent performance throughout the programme and in the final contests.
