

Activities of Other Learning Experiences in July 2015

During 12–13 July, 82 students had the opportunity to take part in the Study Tour of Landscape and Environmental Conservation in Zhaoqing organized by the Education Bureau. The trip was a fruitful one and students benefited a lot. In total, there were 7 cross-border trips to Mainland China and Taiwan (Details can be found in the following table).

The OLE Committee actively participated in the school carnival in July and is glad to have raised \$2,069 through the charity sale of homespun food and stationery. The net proceeds of \$1,750 were donated to Hong Kong Red Cross.

From time to time, the school arranges and takes part in various cross-border study trips to help students better understand our motherland and different cultures. This can enrich students' school lives and lift their learning outcomes. Last academic year the school participated in the following study trips:

	Title	Date	Organiser
