

Life and Society (2016-17)

I) Curriculum Aims

The aims of Life and Society are:

- (a) To develop in students a positive self understanding, enhance competence to meet daily and future challenges, and pursue their goals and aspirations;
- (b) To enable students to make decisions for the optimal use of personal and community resources;
- (c) To develop students to become informed and responsible citizens to contribute to the development of a caring and just society; and
- (d) To cultivate in students sensitivity, interests and concern for local, national and global issues.
