

Note of thanks to our alumnus, Ms Lam Wai Yee Natalie – Conversations with alumni: From HCY to international investment banks

Natalie conducted a sharing session with schoolmates from 2:30 pm to 4:00 pm on 9 June – Conversations with alumni: From HCY to international investment banks.

Graduated from our school in 2019, Natalie was awarded 'The 5th Scholarship for Excellence' in the same year. She majored in History in University College London (UCL), focusing on financial and economic history of London, with the emphasis on the City of London. Meanwhile, she was admitted by The Laidlaw Research and Leadership Programme and becomes a Laidlaw Scholar. She joined internship programmes in international investment banks during her studies. Upon her graduation, she has devoted herself in the financial industry.

In the sharing session, Natalie cared much about her juniors. Also, the students learnt much from her sharing of anecdotes of her secondary school life, exposure in the UK and experiences in international investment banks.
