MATHS & SCIENCE WEEK

Science in Natural Disasters was the theme of Maths and Science Week 2021-2022. Students learned Mathematics and Sciences through participating in a wide variety of activities throughout the week. Various posters related to Mathematics and Sciences of natural disasters were displayed around the school. During the morning sharing sessions, student representatives shared interesting content about Mathematics and Science in natural disasters. There was inter-house Maths Quiz preliminary after school.

The inter-house Maths Quiz final took place on the Big Day of Maths and Science Week. After that, the science competition, themed “Anti-earthquake Tower”, was held. Students in teams applied science concepts and designed a tower that can withstand an earthquake. With the plentiful activities arranged during Maths and Science Week, students could learn Mathematics and Sciences in a fun and enjoyable way.
