

Angel Scheme

The Counselling Group organized the Angel scheme on November 15th and November 27th, 2023. Form 6 students participated in a series of activities during the Life Education class. Each student received a Japanese-style amulet with different teachers' mottoes with instant photos taken. They also had the opportunity to write their wishes on Japanese Ema boards and lanterns, which were then hung on a blessing wall. The rising lanterns symbolized everyone's determination to face the HKDSE together.

During the morning assembly on 27th November, 2023, representatives from Form 5 presented "Love Packages" to the Form 6 students on behalf of the entire school, accompanied by sincere blessings, to encourage and support Form 6 students in their preparations for the HKDSE examination.
