

## **Big Brothers and Big Sisters scheme**

From September to October 2023, the senior form students collaborated with the YMCA to organize activities for the Form 1 students. These activities included playing Nintendo Switch, tabletop games, mooncake making, and musical instrument experiences, aiming to provide opportunities for the F.1 students to bond with their mentors and help them adapt to campus life while strengthening friendships. In addition, the Big brothers and big sisters established a study group on October 18th, 2023, where they interacted and studied together with the juniors before the first-term test day. On November 14th, 2023, the big brothers and big sisters together with F.1 students had a meal together, enjoying a pleasant time.
