

## HCYers achieved great success in Chemists Online Self-study Award Scheme 2024

The Chemists Online Self-study Award Scheme Program is a student-based learning initiative for local senior secondary school students. It is jointly organised by Hong Kong Virtual University and the Science Education Section of the Education Bureau. The award scheme aims to nurture the scientific literacy of senior secondary school students by providing them with exposure to more advanced online chemistry lectures.

HCYers achieved great success in the Chemists Online Self-study Award Scheme 2024, organised by Hong Kong Virtual University and the Science Education Section of the Education Bureau. Congratulations!
