

Award from International Biology Olympiad– Hong Kong Contest 2025

The International Biology Olympiad – Hong Kong Contest 2025 (IBO) is co-organized by the Education Bureau and the Hong Kong Academy for Gifted Education. Lam Tsun Ming Michael from 6D has received an Honourable Mention Award.

The IBO is an international competition for secondary school students. It aims at promoting biology education in Hong Kong and providing challenging enrichment learning opportunities for students with high potential in biology.
