

"The Academy Awards for the Gifted 2026": The Gifted Star Award

Our student, 6D Lam Hin Kwan Emily, has achieved exceptional recognition through the Hong Kong Gifted Apprentice Programme. She received a distinguished triple crown of honors during the prestigious ceremony: in addition to officially graduating as an HKAGE 2025–26 Graduate, she successfully completed an elite mentorship pathway as a certified member of the Hong Kong Gifted Apprentice Programme. Furthermore, Emily was honored with the prestigious Gifted Star Award under the 6th Outstanding Students Awards 2026, recognizing her exemplary talent, perseverance, and performance.

Emily attended "The Academy Awards for the Gifted 2026" ceremony, hosted by the Hong Kong Academy for Gifted Education (HKAGE) on July 8, 2026, at the Jockey Club Auditorium of The Hong Kong Polytechnic University. Centered around the inspiring theme "Transforming Giftedness to Achievement," this annual flagship event celebrated the remarkable accomplishments, dedication, and holistic growth of the city's most outstanding young talents.

Our warmest congratulations to Emily on these extraordinary achievements! This award is not only a recognition of Student Lam's unremitting efforts and outstanding talent, but also a full demonstration of our students' spirit of pursuing excellence and daring to pioneer.
